Electrolux Handwashing Basins

Wall mounted or freestanding

Electrolux has designed a range of hand washbasins, with non-manual controls , constructed to comply with current hygiene standards. The range of hand washbasins consists of 4 models: one wall-mounted, knee-operated model; one free-standing, foot operated model with base cupboard; one free-standing model with two basins and one free-standing, foot-operated model with knife sterilizer.

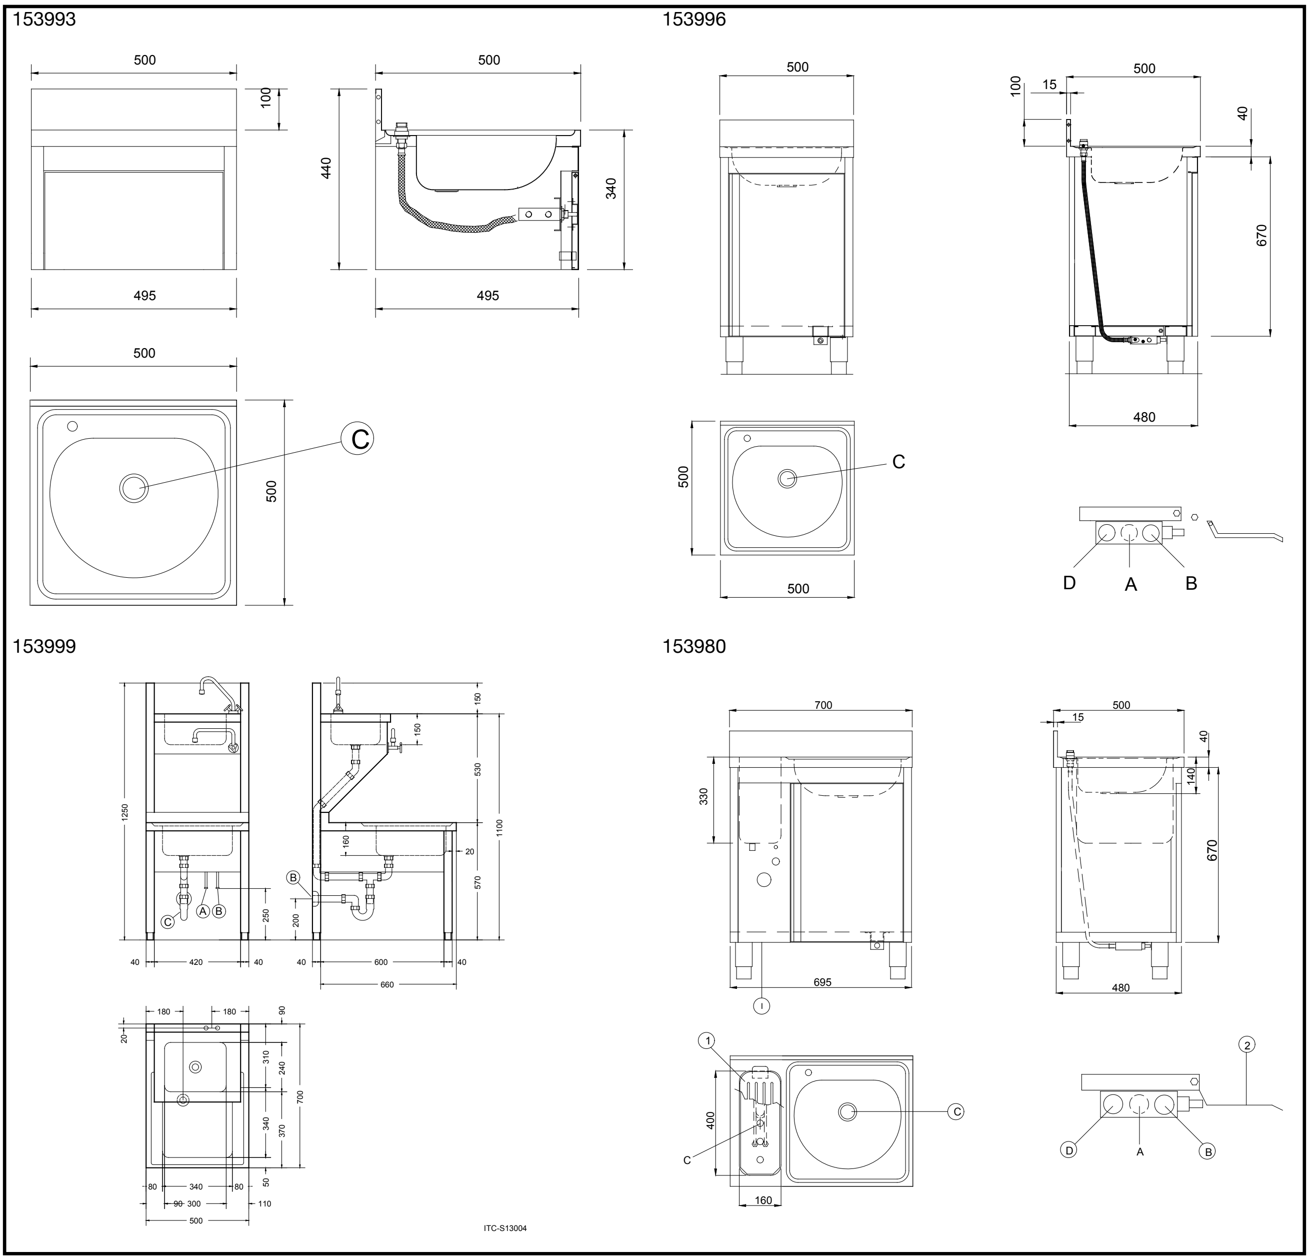

153980

EASY TO INSTALL
• The steel foot and knee pedals make the handwashing basin extremely easy to use.
• Mixer spout, ½" in diameter and drain hole supplied as standard .

EASY TO USE
• Constructed entirely in 18/10 stainless steel.
• Sound deadened pressed bowll with rounded corners and all-round lip to prevent overspill.
• The model with knife sterilizer has two basins, a thermometer to ensure that the water is at the correct temperature for sterilizing the knives and a thermostat.
• Model HWSD5 has an upper hand washbasin (dimensions 300x240x150) and a lower drainage sink with a steel support grid.
• Rear upstand with 8 mm rounded corner, 100 mm in height and 13 mm deep.
• Free-standing models are equipped with stainless steel foot pedals and side-hinged door (except for model HWSD5).
• Feet with round section (diameter 50 mm) exept for the model HWSD5 that has square section (40x40mm)and hinged door for the freestanding version.

EASY TO CLEAN
• Easy cleaning thanks to the rounded bowl and corners.
• All models comply with the more strict international standards as far as hygiene and cleanability are concerned.

ACCESSORIES
• The washbasins can be equipped with a wall panel and paper and soap dispensers as optional extras.
